

School transport from Nidderdale

Thanks to everyone who has used the 24 bus and V32 school bus in recent weeks. We know this hasn't been ideal but unfortunately we weren't given any notice of the other service stopping. It is just a temporary solution and the purpose of this letter is to see if we can provide a permanent solution.

We would like to provide a new dedicated school bus from Pateley Bridge along the route of our 24 service with an extension to St Aidan's and St John Fisher Schools. We are hoping to do this through our VAMOOZ project – set up to create new links into schools. Alongside this letter please find a note about VAMOOZ and how you can register your interest in the service.

To be able to start the service, we need a certain number of people to sign up to it. We are proposing a maximum charge of £500 for the rest of this school year. If we get 40 people signed up, we would be charging £480. If we get 55 people signed up we would be charging £473. And if we get 70 people signed up we would be charging £466. This is because with VAMOOZ the more that ride, the less you pay.

Please register your interest **before October half term** by following the instructions on the attached note. Once we reach a level of interest that proves this would be a viable service, we will get back in touch and confirm a start date for the service.

If you have any questions, please do not hesitate to get in touch using the details at the bottom of this letter.

Kind regards

Rebecca Reeve-Burnett
