Dear Resident/ Proprietor

CARRIAGEWAY RESURFACING – OATLANDS DRIVE HARROGATE

This letter is to inform you that Cemex Paving Solutions will be undertaking highway maintenance works at the above location on behalf of North Yorkshire County Council.

The works are currently programmed to commence on 17th February for approximately 2 weeks.

The work is part of an extensive programme and as a consequence it is possible that some adjustment to this start date or the duration of the works may be necessary should unforeseen circumstances such as significant weather events or emergencies on the highway network arise. You are advised to watch for the placement of signs in the area indicating the extent of the works and when operations are due to commence.

Due to the nature of the works, a road closure will be in force during the hours of 09:30 to 15:30 and a fully signed diversion will be in place. On-site personnel will assist in managing local access to properties within the closure. Please be advised there may be extended periods when access will not be possible due to the nature of the works and physical constraints of the site. Pedestrians and Emergency vehicles will be permitted access at all times.

Please contact Thom Mason of Cemex Paving Solutions on 07557 318424 to identify any special access needs you may have during the work period. Take extra care whilst within the works area and please cooperate and comply with any instructions issued by the traffic management operatives.

We would like to take this opportunity to apologise for any disruption these works may cause and would again request your cooperation to help ensure an efficiently and safely executed project.

Yours faithfully

Thomas Mason
