House parties.... out of control

- “I was too scared to ring the Police”
- “They weren’t invited. I didn’t even know who they were”
- “ This is a quiet street, we didn’t take any notice until our fence got smashed down and a load of drunken youths came into my garden. All our plants are ruined and our kitchen window got smashed. We were so frightened they were going to come in and attack us”

House Parties, some of the feedback

- “It's absolutely trashed, and I hope no-one else has to go through what me and my wife have these last few days”.
- “They urinated in the wardrobes, pulled my clothes out of the wardrobes and stubbed cigarettes out on them. The beds are burnt. There's food and messages all over the walls”.
- “At this point in time I might not be able to live in the house again - I might have to move because there are so many horrible memories now”.
- “It's worse than a burglary, I can't believe it”.
