Grading Process

You will be aware that the Government has released information yesterday relating to the grading process this summer. There is a significant amount of information to digest and it will take a period of time before we are in a position to share the approach the Associated Sixth Form will be taking.

When the process has been decided this will be centrally communicated from the Headteachers. Please do not ask any teachers what process will be used because no decisions have been made.

We know you have been extremely patient over the past few weeks and would ask that you wait a little longer in order that any decisions that are made are based on well considered reflections and are in everyone's best interests. Please be assured that we will do our best to support you to achieve the best possible results in the summer and to stay well throughout these challenging times.

Materials and further information from exam boards are unlikely to be available to schools much before the Easter Holidays.

One thing that we can confirm is that A Level results day will Tuesday 10 August 2021.

Well done everyone we are really proud of everything you have done, this is the last full week of online teaching. We are looking forward to welcoming you back during the week beginning 8 March.

Take care and keep well.

Thank you.
