

Small and Mighty

I am small and round but don't let size fool you
because I can really rule you.

I came from Wuhan to infect man, women and child.
My effects have been anything but mild.

I have brought many heroes out from the shadows,
teachers, shop people and many more.

I stopped you from seeing family and friends for months on end,
forced you into isolation and all events I made you suspend.

I spread around the globe causing death and destruction,
made the Health Service struggle to function.

I started a fight but you fought back,
face masks, vaccines, what a comeback.

And now you are starting to get back to normal,
I will still be here but more controllable.

Who am I?
