

Work Experience & Careers Insight Opportunities – updated 13.08.21

Speakers for Schools (S4S), Springpod, Young Professionals and Forage have all emerged as providers of very high quality virtual work experience opportunities and many of our students have benefitted hugely from taking part in their programmes over the past 18 months. You can read some of their testimonials here.

Virtual work experience is here to stay and offers students a unique opportunity to meet professionals working with some of the UK's largest companies and nationally recognised brands. However, face to face placements with local organisations deliver matchless opportunities for work related skills development and confidence building – so we recommend a mix of both experiences to develop the broadest insights into the careers that interest you and a wealth of evidence to demonstrate within applications and at interview.

Listed by provider there are **12 pages** of opportunities across a wide range of career sectors - scroll down to see the full list.

Work Experience with a **finite date for application** are listed first, followed by further opportunities and free resources from organisations such as the Open University, available all year.

Please contact Mrs Farrar - m.farrar@staidans.co.uk to advise us of your participation and for any further information or guidance.

S4S/Next Generation Opportunities

NB. To apply for all the S4S/Next Generation opportunities below, you should create an account here <https://www.s4snextgen.org/> and then click on the link to the placement you are interested in, for more details and the application process.
