Careers Evening

With great reluctance, school had to take the decision to cancel the Careers Evening which was due to take place last Thursday evening.

This annual event is a particularly valued one within our school calendar; giving the students the opportunity to engage with employers, training providers, universities and colleges in this way is invaluable in helping them to make informed choices about their futures. The safety of all is our priority and it is within this context that the decision was made and we do hope that you will appreciate that this was not made lightly.

Please rest assured that we will make every attempt to welcome as many of the exhibitors into school this academic year through alternative means where possible.
