w/c: 22nd May

## Year 12 Update

### Post 18 Planning Careers Event

During the week commencing 22nd May, Year 12 tutorial sessions will be focussed around preparing for the Post 18 Planning Day, which is taking place this year on **Tuesday 20th June**.

During the morning sessions, students will be in their tutor groups researching Post 18 options and application processes, as well as using resources that will help support their decision making and activities they can be doing to prepare for their next steps after Sixth Form.

For the afternoon sessions, we have a variety of employers, universities and training providers coming into school to deliver a carousel of talks regarding their specific area of industry, routes into their profession and their own experiences within their sector. Students will be able to sign up to three different talks via an online Microsoft Form. We will advise students of when this online form will go live after half term and places for the talks will be allocated on a **first come first serve basis**.

### UCAT Admissions Tests

Any students needing to sit the UCAT admissions test (Medical and Dental applicants), booking opens on **20 June** and you can sit the test from **10 July** with the last test day being **28 September**. Click [here](#) for more details.
