

**Course Outline: English Literature**

**Why this?/Why now?** – English Literature Specification B begins with an introduction to tragedy. This is split between two teachers, both experts on their chosen texts. After an overview of tragedy and some key terminology, texts are studied whilst simultaneously beginning to work on previous exam questions and broader debate topics. With this knowledge, topics are chosen for two NEA pieces to comprise 20% of your A Level. Both teachers present critical lenses, again focussing on their own literary specialisms. In year 13, having considered a plethora of debates and critical approaches, you are ready to engage with the genre of Social and Political Protest writing. Again, both teachers lead study on their chosen texts.
